

SWISS  
EXHIBITORS  
ITMA ASIA &  
CITME 2018

swisstextilemachinery.ch

**Canton Vaud, Switzerland, 1982:** Daniel Borel's **pc mouse** invention goes into series production, **connecting humans intuitively with their computers.** **Several billion** of these ingenious little devices now click and glide through countless functions and applications.

Invented in Switzerland.  
Where the same innovative spirit drives textile progress today.
